THE LOUKOUMI

MAKE A DIFFERENCE

FOUNDATION

A MESSAGE FROM NICK KATSORIS

Twenty years ago, I was gifted a box of Loukoumi candy from Greece and my wife and I joked that "Loukoumi" would make a cute name for a children's book character. A year later, following the birth of our son, that box of candy unknowingly changed my life when I published my first children's book about a fluffy little lamb named Loukoumi, that just wants to make the world a better place. At the time, all I wanted was to publish a children's book for my son. I self-published the book, printed 1,000 copies, and sent one to the New York Times. They wrote an article titled "From Candy to a Character!" and that self-published book hit number 4 on the Barnes & Noble children's book bestseller list.

There are now 10 books in the series, each teaching life lessons, including *Loukoumi's Good Deeds* (narrated by Jennifer Aniston). That book inspired Make A Difference With Loukoumi Day, an annual celebration encouraging children to do good deeds. The first year 1,000 children participated. By 2014, it grew to 40,000. Our work was acknowledged with a Make A Difference Award by Points of Light and USA Weekend Magazine, at a ceremony featured on the TODAY show. Following that inspiring event, the book series officially became the Loukoumi Make A Difference Foundation.

A decade later, the Loukoumi Foundation is a global movement of 150,000 children in 30 countries making a difference for causes they are passionate about, making philanthropy fun, not forced. And while these children are indeed changing the lives of countless others with their good deeds, they are also transforming their own lives with increased self-esteem and improved mental health as they discover purpose.

Our work in 2025, looking toward 2026, stands as a hopeful reminder that children want to do good, and when channeling their kindness into causes that resonate with them, the impact is life-changing.

We urge everyone to empower children to make a positive difference in the world following their passions and interests. Together, we can transform the world and the lives of our children—one good deed at a time.

"I do have reasons for hope: our clever brains, the resilience of nature, the indomitable human spirit, and above all, the commitment of young people when they're empowered to take action."

IMPACT OF GOOD DEEDS

During our Good Deed Summit, our Global Impact Forum highlighted the worldwide effect of good deeds, featuring panel discussions with students and educators from across the globe and keynotes from author Harry Psaros and Lionel Li.

A focal point was the presentation of **the Loukoumi Foundation Research Study**,

“Loukoumi the lamb inspired a good deeds movement, encouraging children to make a difference” — Points of Light

published by Fordham University’s Global Outreach Program.

Its significant findings, discussed by our Founder with Dr. Kelli Harding (Columbia University) and John Gownley (Fordham University), provided significant validation of our mission.

The research also identified the greatest obstacle preventing young people from doing good: a lack of opportunity, as reported by a majority of those interviewed. In response, the Loukoumi Foundation is committed to expanding programs that empower students to create and lead projects in their own voices, fostering ownership, passion, and lasting impact.

Three buses, full of kids and good deeds,
made meaningful stops across New York City.

St. Patrick's Cathedral

During a prayer service, eighteen students shared how they are making a difference in their countries, followed by a moving performance of "Make Someone Smile."

9/11 Memorial

Students presented more than 1,000 "Never Forget" letters to families who lost loved ones on 9/11, accepted by Anthoula Katsimatides.

St. Nicholas Greek Orthodox Church and National Shrine

We then visited St. Nicholas Greek Orthodox Church and National Shrine for a reflective discussion with Fr. Andreas Vithoulkas.

Mary House The Catholic Worker

Students prepared and delivered food, while hearing the inspiring story of Carla, a symbol of resilience and hope.

United Nations

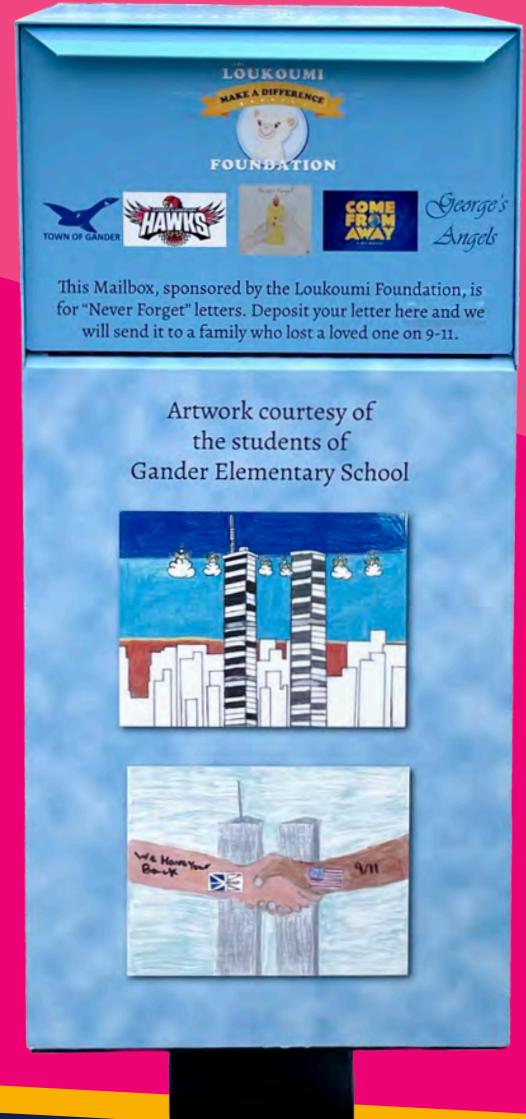

The Summit concluded with a special visit to the U.N.

LOUKOUMI FOUNDATION NEVER FORGET MAILBOX

The Loukoumi Foundation sponsors a Never Forget Letter Mailbox outside Town Hall in Gander Newfoundland Canada for families who lost loved ones on 9/11. The mailbox is adjacent to an original piece of steel from the World Trade Center donated to the town of Gander. We invite residents and tourists from around the world to place their Never Forget Letters into this mailbox, which is beautifully decorated with artwork by the students of Gander Elementary School. This mailbox stands as a symbol that we must never forget those that we lost on 9/11 and also as a symbol that we must always remember the incredible kindness shown by the Town of Gander to the 7000 airline passengers whose planes were diverted to Gander that day, which became the story of the award-winning musical Come From Away.

LOUKOUMI TEACHING KITCHEN AT THE FLOATING HOSPITAL

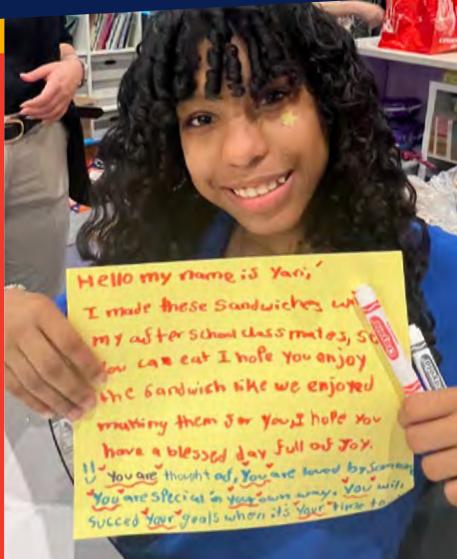

THE FLOATING HOSPITAL

In October 2025, we proudly fulfilled our **\$50,000 pledge** to The Floating Hospital, fully funding the **Loukoumi Teaching Kitchen**. This achievement provides a critical resource for families in shelters, offering them hands-on education in nutrition and managing chronic illness. The Floating Hospital was founded in 1866 as one of the first healthcare charities in NYC, dedicated to caring for the sick children of families living in tenement homes. For 150 years, they have remained a true charity, offering healthcare to those whose circumstances make it difficult to access affordable or no-cost health services.

The kitchen also serves as a hub for our "**Loukoumi Feeds the Hungry**" program, where our students cook for the homeless, directly supporting the hospital's vital mission.

LOUKOUMI TREATMENT ROOM AT ST. JUDE CHILDREN'S RESEARCH HOSPITAL

In October 2024, the Loukoumi Foundation achieved a significant milestone by fulfilling its **\$150,000 pledge** to fund the **Loukoumi Foundation Treatment Room at St. Jude Children's Research Hospital**. This room provides a crucial space where patients receive life-saving treatment and vital educational instruction. We are immensely proud of our top youth fundraisers, including Daniela Fogliano, Ava Tsapatsaris, and Arsh Pal, whose dedicated efforts were instrumental. This achievement was a true community effort, with nearly half of the total raised from children worldwide, often in \$1 increments.

With this pledge complete, we have launched our next major initiative: Raising funds for St. Jude's global prescription drug program to help children in underserved countries.

LOUKOUMI GOOD DEED BUS™ 2025 TOUR

Our Loukoumi Good Deed Buses are an interactive service learning tool where we take students on a school bus, making several stops throughout the day including park and beach clean-ups, visits to homeless and animal shelters, senior homes, food banks and hospitals.

In New York, our bus ran on International Make A Difference Day in October, making impactful stops to fundraise with Ford Lincoln of Queens, as Lincoln donated up to \$50 per test drive to our Loukoumi Teaching Kitchen at the Floating Hospital. Special thanks to our board member Michael Naclerio. We also delivered supplies to a women's shelter and North Shore Animal League America.

NEW YORK CITY

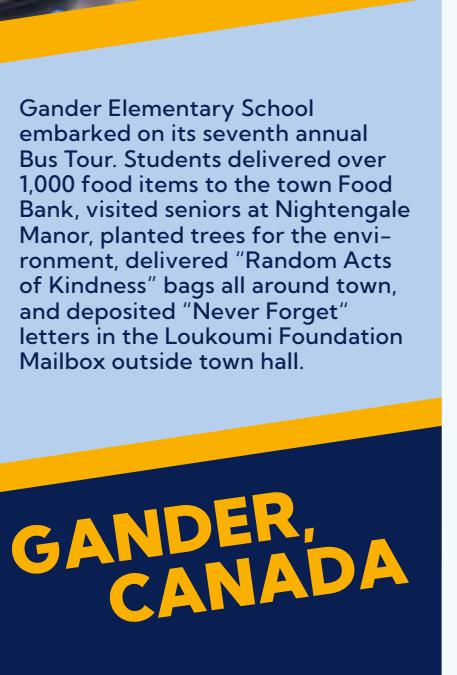

MIAMI, FLORIDA

That same month in Miami, we partnered with the World Happiness Summit® to deploy over 50 volunteers for a beach cleanup with the Surfrider Foundation, a visit to Camillus House to help the homeless, and to support Miami Dade Animal Services.

Our Seville, Spain bus visited a local school, a Food Bank, and the Ronald McDonald House.

SEVILLE, SPAIN

GANDER, CANADA

In Athens, in partnership with Wellbeingr and the American Women of Greece, bus riders helped the environment at Votanikos Parko, helped animals at Daidourochoria and made heart pillows for cancer patients.

ATHENS, GREECE

In Deerfield, Illinois the Hellenic American Academy embarked on its eighth annual Loukoumi Good Deed Bus with stops at the Greek American Rehabilitation and Care Center and at Feed My Starving Children.

DEERFIELD, ILLINOIS

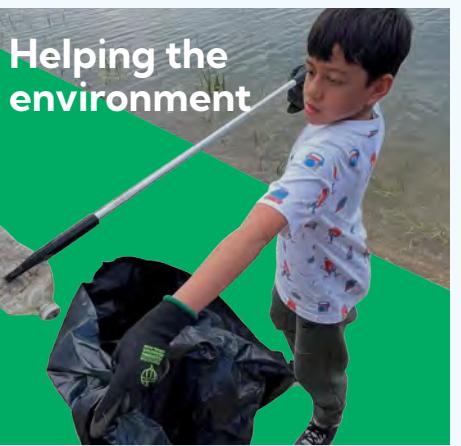

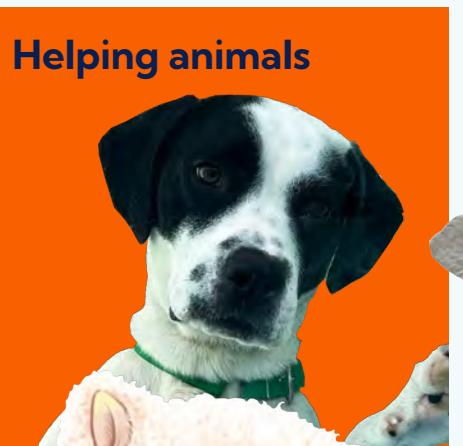

LOUKOUMI GOOD DEED CURRICULUM

For the fourth consecutive year, Loukoumi Executive Director Nick Katsoris commenced in person programming and our Loukoumi Good Deed Curriculum at the Anne Hutchinson School in Eastchester, Variety Boys and Girls Club at I.S. 10 in Queens, and the Greater Ridgewood Youth Council at I.S. 77.

Katsoris visits the schools at least monthly and often weekly doing good deed projects at each session. The program commences in the Fall where Katsoris hosts an assembly where he asks students "How Do You Want To Make A Difference In The World?"

Students then complete a questionnaire expressing their interests in 8 categories:

Our program then engages students in discussions, helping them craft and develop projects where they can make a difference for causes that matter to them, making philanthropy not forced but fun and filled with purpose.

As the year goes on Katsoris takes students on field trips doing good deeds at:

Animal shelters including the North Shore Animal League America, Animal Care Centers of NYC, the Yonkers Animal Shelter and Paws Crossed

Area nursing homes

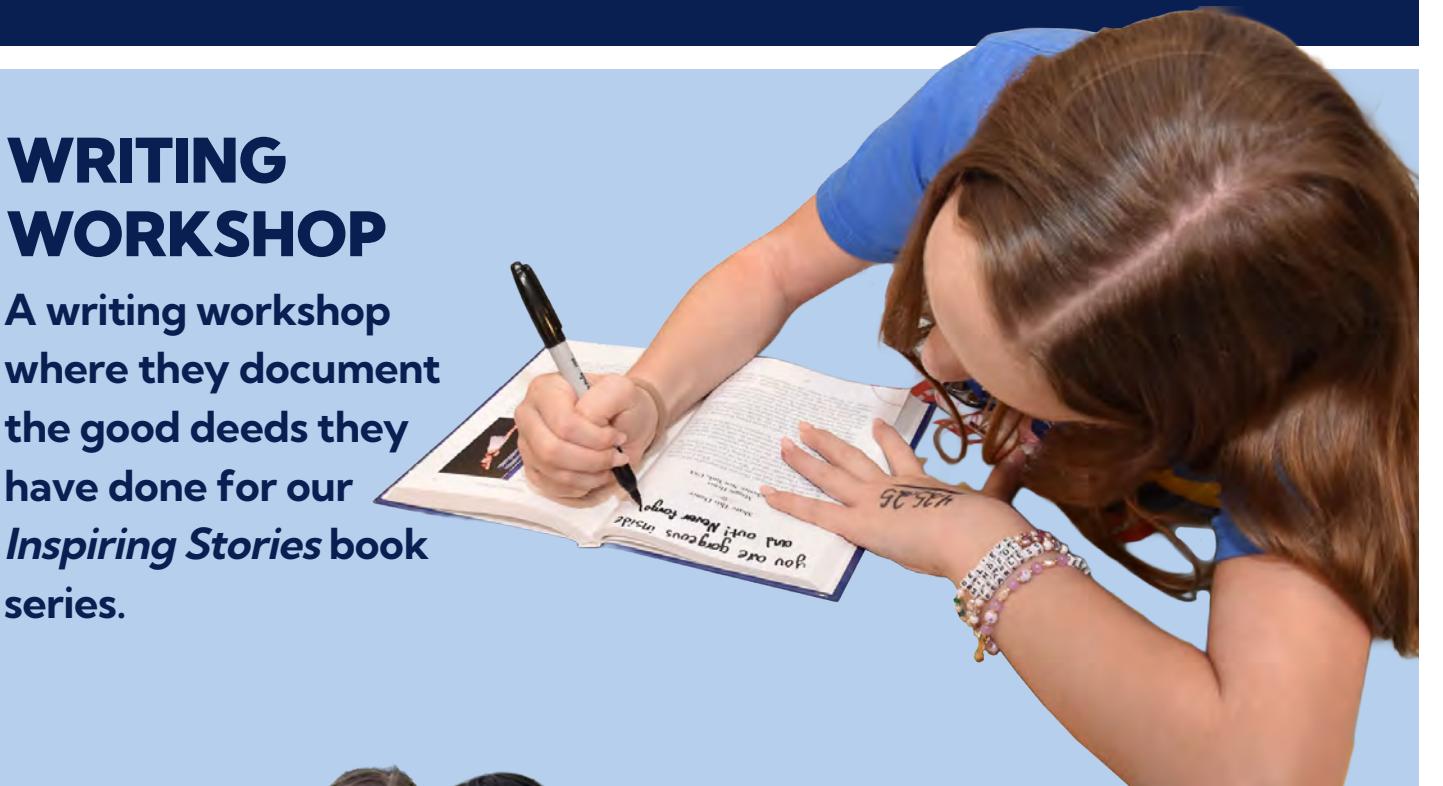

Parks and beaches for the environment in coordination with the NYC Parks Department

The Loukoumi Teaching Kitchen at the Floating Hospital where we cook for the homeless and bring the food to area shelters and stops for the food insecure including the River Fund NY in partnership with Philoxenia Inc.

LOUKOUMI GOOD DEED CURRICULUM

Later in the year, students are lead in two programs where they can reflect on their good deeds

GOOD DEED CELEBRATION

Our Good Deed Celebration, where they showcase the good deeds they have done by setting up tables to highlight their favorite charities.

Camp St. Paul

This summer, our outreach extended to Camp St. Paul in Litchfield, CT, where we held four assemblies discussing how campers can make a difference. These sessions were videotaped and shared with all camp groups, inspiring participants to complete several good deed projects from our curriculum, including Never Forget Letters, cards for St. Jude, kindness postcards to space with Blue Origin's Club for the Future and placemats for the homeless. A similar program is planned in Greece for Summer 2026 with **The Hellenic Initiative**.

SUMMER PROGRAMS

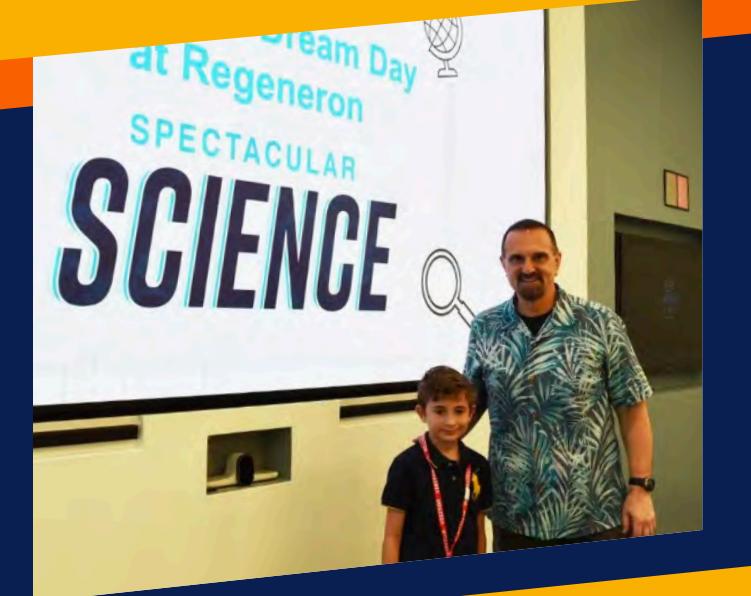

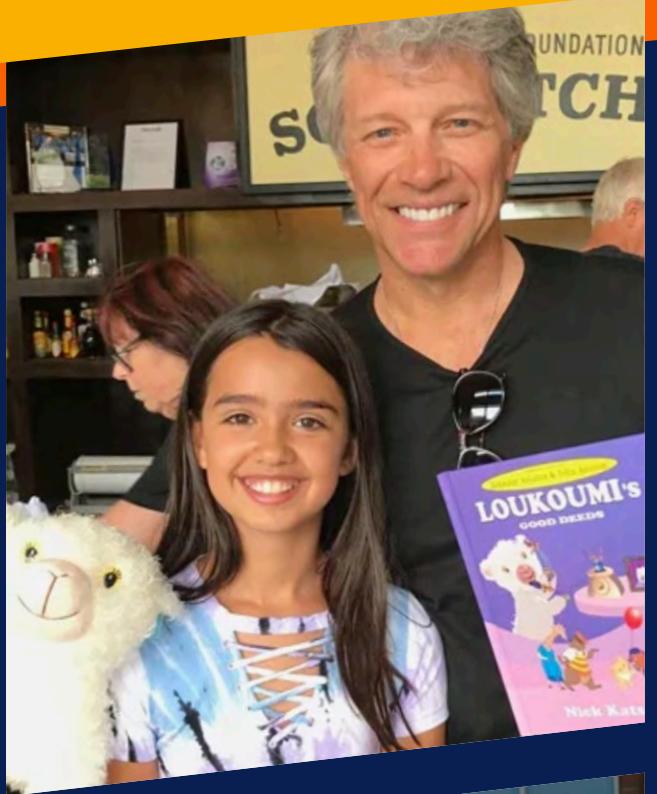

GRYC Summer Programming

Through our partnership with the Greater Ridgewood Youth Council and the NYC DYCD, we supported the Summer 2025 "Exploring Futures" initiative. This 6-week program provided valuable career workshops and opportunities for youth to engage in meaningful good deed projects, and career exploration initiatives. Guest speakers included ABC News anchor Alexis Christoforous, Paul Lountzis and the North Shore Animal League America.

LOUKOUMI DREAM DAY PROGRAM

2025 DREAM DAY **TESSA** MARINE BIOLOGIST

In 2025, 12-year-old aspiring marine biologist Tessa spent a hands-on day at the Center for the Urban River at Beczak (CURB). Her immersive experience included seine fishing to identify Hudson River species, analyzing water quality in the environmental lab, and learning animal care.

THE NORA ORPHANIDES MAKING A DIFFERENCE THROUGH THE ARTS PROGRAM

The Nora Orphanides Making a Difference Through The Arts program empowers children to use their creative talents for good. This year, students engaged in diverse projects, including:

Performing

Performing for seniors and children's hospital patients. For the third consecutive year, a student-led dance group performed for residents at The Fountains at RiverVue, a model replicated by our partners at the Variety Boys and Girls Club and the Greater Ridgewood Youth Council, and with schools worldwide.

Singing

Singing as students from our Good Deed Council re-recorded the Foundation's theme song, "Make Someone Smile," in seven different languages. The song was originally written and recorded for the Foundation by two-time Grammy winner Gloria Gaynor.

Creating

Creating art through intergenerational painting classes, "Never Forget" letters for 9/11 families, cards for St. Jude patients, and "Kindness Postcards to Space" with Blue Origin.
